**“NATIONAL SECURITY AND DOMESTIC
TRANQUILITY: GUN OWNERS -- WHAT'S THE
LINK?”**

**With Scottsdale Author and Gun Laws Expert
Alan Korwin**

When: March 14th from 6:30-8:30 P.M.

Where: Arizona Room at Sun Lakes Country Club

25601 S. Sun Lakes Blvd., Sun Lakes, AZ 85248

What: Alan Korwin is widely recognized as a leading expert on America’s gun laws and has made 1,000 radio and TV appearances. He was invited by the U.S. Supreme Court to attend oral arguments in both *D.C. v. Heller*, which led to his 11th book, *The Heller Case*, and *McDonald v. Chicago*, in which his firm Bloomfield Press was an *amicus*. The cases affirmed the Second Amendment as an individual right, and applicable to the states, respectively. In the first part of this program we're going to explore America's enemies, foreign and domestic. Then we will examine Arizona's gun laws from the perspective of personal self-defense and defense of other people. How these hard facts should affect public policy, regarding street crime and the ongoing global jihad, is one of the ultimate political questions of the day, addressed head-on in this no-holds-barred presentation and audience discussion. **For more information, please visit our web site www.slgop.org, or contact Mike Tennant, 480-802-0178.**
